EXECUTIVE SUMMARY

Computer Systems graduate with hands-on experience in IT operations, network infrastructure, hardware maintenance, and enterprise system support. Experienced in supporting hotel operations through Rhapsody PMS, POS systems, network infrastructure, printers, PABX/Avaya telephony, digital signage, and end-user devices. Skilled in structured network troubleshooting, access point configuration, workstation deployment, preventive maintenance, and operational IT support. Also equipped with a background in software development, data analytics, and machine learning.

EDUCATION

Universitas Komputer Indonesia — Bandung, Indonesia | 2022 – 2026
Bachelor of Computer Systems (S1)

- **GPA**: 3.86 / 4.00
- **Relevant Coursework:** Data Structure, Digital System, Statistics, Calculus, Linear Algebra, Database System, Electronics, Object Oriented Programming, Programming Algorithm, Internet of Things.

PROFESSIONAL EXPERIENCE

The Trans Luxury Hotel Bandung — Information Systems & Solutions (ISS) Intern | August 2026 – Present

- Provide day-to-day IT support and troubleshooting for hotel operations, covering end-user devices, network connectivity, hardware, printers, POS, PMS, telephony, and digital signage.
- Managed and troubleshot Rhapsody PMS operations, including MIWA electronic door lock/print key issues for guests rooms and outlet menu configuration across Food & Beverage operations.
- Perform structured network troubleshooting from physical cabling and connectivity through network configuration; conduct UTP cable crimping and replacement when required.
- Assist with Ruijie Access Point installation and configuration and support maintenance of distribution switches and the main server room infrastructure.
- Perform PC maintenance and deployment, including hardware upgrades, RAM replacement, thermal paste application, OS and application installation, and workstation setup.
- Maintain and troubleshoot Kyocera network printers, including paper jams, toner/waste toner replacement, cleaning, and basic preventive maintenance.
- Support PABX/Avaya telephone systems and POS bill printers, and prepare dedicated network cabling for major events such as MICE and graduation.
- Supported operational technology across hotel outlets, including WISI/MATV digital signage and centralized account/subscription management..

PT Berca Herdayaperkasa — Freelance Helper Network Engineer | Feb 2026 – Mar 2026

- Assisted network engineers in installing and configuring network switches in a bank branch server room to support connectivity and infrastructure readiness.
- Performed connectivity checks, basic troubleshooting, and deployment documentation while collaborating with engineers and project team members.
- Collaborated with engineers and project team members to ensure deployment tasks were completed accurately and on schedule.

Bangkit Academy led by Google, Tokopedia, Gojek, and Traveloka — Machine Learning Cohort | Sep 2024 – Dec 2024

- Led a machine learning capstone team and developed an AI-based classification model using Python and TensorFlow.
- Performed data preprocessing, feature engineering, model training, and evaluation to improve classification performance.

PT Pretec Indonesia — Production & Quality Control Assistant | Sep 2021 – Nov 2021

- Assisted in product inspection and defect identification.
- Supported quality checking to ensure compliance with standards.

PUBLICATIONS

The 8th International Conference on Informatics, Engineering, Science & Technology (INCITEST 2025) — Bandung, Indonesia. *Paper Presenter & Author* | Oct 2025

- Presented a research paper entitled "Website-based Arabic Conjugation (Sharf) Learning: ArabicMorph" to an international academic audience.
- Successfully published the research article in the INCITEST 2025 proceedings, organized by Universitas Komputer Indonesia.
- Contributed to academic literature with the paper being indexed by major databases including Scopus, SINTA, and Google Scholar.
- Communicated complex technical concepts regarding web-based educational tools and morphology learning to researchers and professionals.

SKILLS

- **IT Operations & Infrastructure:** IT Support, Hardware Maintenance, PC Deployment, Preventive Maintenance, Network Infrastructure.
- **Networking:** Network Troubleshooting, TCP/IP, LAN, UTP Cabling, Cable Crimping, Ruijie Access Points.
- **Enterprise & Operational Systems:** Rhapsody PMS, POS Systems, MIWA Door Lock System, Digital Signage, PABX, Avaya.
- **Hardware & Peripherals:** PC Hardware, Kyocera Network Printers, POS Bill Printers
- **Programming:** Python, JavaScript, PHP, MySQL.
- **Data & ML:** Pandas, NumPy, Scikit-learn, TensorFlow,
- **Web Development:** Laravel, HTML, CSS, Tailwind CSS, Flask.
- **Tools:** Visual Studio Code, Jupyter Notebook, Git/GitHub, Postman.
- **Language:** Bahasa Indonesia (Native), English (TOEFL ITP Score: 497/677), Arabic (Beginner).
